With Regence, you're covered everywhere

Welcome to the largest network of providers across the country. Whether you're working in your company's main office or from a field location, or you're a remote employee, you can use the BlueCard® program to get care from more than 1.7 million doctors and hospitals that contract with Blue Cross Blue Shield companies—more than any other insurer.

There's no extra work for you to do either. That's because BlueCard works behind the scenes to connect with a local Blue® Plan for claims and payments to the provider. You'll pay any normal cost-shares and then receive an explanation of benefits (EOB) from your Regence plan. All you have to do is show your member ID card when getting care, and we'll take it from there.
